MANUSCRIPT SUBMISSIONS

Progress In Electromagnetics Research C (PIERC) publishes comprehensive articles on all aspects of theory and applications of electromagnetics. Manuscripts submitted to PIERC should be original and must not have been submitted simultaneously to other journals. Authors are solely responsible for the factual accuracy of their articles, and all articles are understood to have received clearance(s) for publication.

Manuscripts must be in English and should be numbered beginning with the title page. The first page should contain only the title of the paper, name(s) and address(es) of the authors, and the name and address of the author to whom correspondence and proofs should be sent. Headings and subheadings of the paper (e.g., Abstract, Introduction, Formulation, Methods, Results, Discussion, Conclusion) should be clearly indicated. Detailed mathematical discussions should be placed in an appendix. Tables and figures should have captions. References must contain full title, place and year of publication, and be listed at the end of the article in the reference section. Technical reports, memos, unpublished or to be published articles must not be listed as references, only published work in journals and books may be cited as references.

Submitted manuscript (http://www.jpier.org/PIER/authors.php) must contain all items in the following checklist:

- (1) Source file(s) of the manuscript
- (2) A pdf version of the manuscript
- (3) Source files of all the figures

No action will be taken unless we have all the above listed items on file.

Contact information. For any questions or problems relating to your manuscript please contact the Editor at work@jpier.org
